PROFESSIONAL SUMMARY

Highly skilled and versatile IT professional and Full-Stack Web Developer with 6+ years of hands-on experience in computer and network maintenance, infrastructure troubleshooting, and network management. Expertly bridges the gap between hardware systems and modern web development technologies (MERN/PERN, PHP, Java, Python) to build clean, secure, and highly scalable digital solutions. Possesses a proven record of resolving complex technical challenges across academic institutions and international organizations such as UNRWA, coupled with a strong commitment to continuous learning and professional growth.

WORK EXPERIENCE

Computer / Network Technician | College of Intermediate Studies – Al-Azhar University **Mar 2022 – Sep 2023**

- Diagnosed, troubleshooted, and resolved complex hardware, software, and network connectivity issues for staff and students.
- Installed, configured, and optimized LAN/WAN infrastructure and network segments to ensure high-speed, secure access.
- Maintained and updated key campus networking devices, including routers, switches, and core systems, minimizing downtime.
- Provided proactive technical support and system upgrades, ensuring maximum security and compliance with campus IT guidelines.

Network & Telephone Technician | UNRWA – Gaza Field Office (Job Creation Program) **Jun 2021 – Dec 2022**

- Installed, monitored, and maintained network cabling, telephone lines, and central communication systems.
- Rapidly diagnosed and troubleshooted communication, connectivity, and hardware issues across UNRWA field offices.
- Collaborated with the regional IT team to deploy telecommunication protocols, improving coordination and network reliability.

Computer / Network Technician (M4W) | Al-Azhar University **Aug 2020 – Mar 2021**

- Delivered prompt hardware, workstation, and software technical support across various campus departments.
- Maintained and resolved local area network (LAN) and hardware issues in lecture halls and laboratories.
- Assisted in configuring standard network protocols and managing active directory accounts.

IT Lab & Infrastructure Internship | Al-Azhar University

Jun 2018 — Aug 2020

- Gained hands-on experience setting up, maintaining, and troubleshooting computer labs, projectors, and smart interactive displays.
- Deployed and monitored CCTV security camera systems and automated fingerprint attendance systems across campus.
- Diagnosed printer issues and set up shared printer servers for campus-wide staff access.

EDUCATION

Bachelor's Degree in Applied Information Technology | Al-Aqsa University, Gaza **Expected 2026**

Intermediate Diploma in Computer & Network Maintenance | College of Intermediate Studies – Al-Azhar University, Gaza **2018**

Vocational Comprehensive Exam Certificate (IT) | Ministry of Education and Higher Education, Gaza **2018**

High School Certificate | Adnan Al-Alami High School, Gaza **2016**

COURSES & CERTIFICATIONS

Java Programming (Beginner) – 48 Hours | Riyadh Center for Training and Development **2019**

English Language (Level 12) – 30 Hours | Alsalam Training Centers Group **2019**

Advanced English Program (12 Levels) | Cambridge Training College Britain **2019**

TECHNICAL SKILLS

IT Infrastructure: Hardware Troubleshooting, Software Setup, CCTV Systems, Fingerprint Systems, Active Directory

Networking: LAN/WAN, Cable Installation, Router & Switch Configuration, Telephone Central Systems

Web Development: MERN Stack (MongoDB, Express, React, Node.js), PERN Stack (PostgreSQL), PHP, HTML5, CSS3

Programming: Java, JavaFX, Python, MySQL, PostgreSQL, Redis, Docker, Meilisearch

Bilingual Professional: Arabic (Native), English (Fluent / Good Professional Proficiency)

EXTRA-CURRICULAR ACTIVITIES

- Participant & Exhibitor — Tech Expo 2023, organized by the Ministry of Education & CIS Al-Azhar University.
- Reception & Onboarding Committee Member — Welcoming and assisting new admissions at Al-Azhar University (Aug–Oct 2018).
